

CCBT COVID-19 HEALTH & SAFETY AGREEMENT

**As of July 4th, 2022 masks became optional for all CCBT students & staff. However, should COVID cases surge again, studio health and safety protocols would be reassessed and may be reinstated as necessary, based upon union regulation as well as federal, state & local guidelines.*

1. STUDENT DROP OFF PROTOCOLS

- a. Parents/Guardians should remain on the premises until their child has been officially checked in by CCBT staff. Younger students (ages 3.5-10) should have a parent/guardian accompany them to each pre-class check-in.
- b. Students should be wearing their dance clothes underneath their street clothes & be ready for their class upon arrival. Changing in & out of dance clothes inside the building is no longer possible, until the pandemic is over.
- c. Everyone will enter & exit through the library's main entrance, at the top of the ramp. Staff will open the main door *no more than 5 minutes before the next class begins*. Students can line up on the entrance ramp for their pre-class check-in. Once the child has completed their check-in, parents/guardians are free to leave the premises until their child's class/workshop/rehearsal is finished.
- d. Before a student is allowed into the studio, a staff member will greet & check-in each student, individually; confirming there are no COVID-related symptoms and that they've not been in 'close contact' with anyone who's recently tested positive or is suspected positive; following the guidelines & protocols for the Commonwealth of MA, CDC, American Academy of Pediatrics, National Dance Education Organization, DanceUSA, AEA & SAG/AFTRA. Once the student has completed their pre-class check-in and shown no signs of COVID-related symptoms... Parents/guardians are free to leave the premises until their child's class/workshop/rehearsal is over.
 1. If the student were to present any COVID-related symptoms, been in 'close contact' with someone who's tested positive or suspected positive; the student would not be able to participate in class that day and would need to return home, unless they've followed required protocols for quarantine &/or can show proof of a negative rapid COVID test taken the same day of their CCBT class.
- e. Once a student's pre-class check-in is complete, they can make their way to designated personal areas to place their belongings and settle in for class.

CCBT COVID-19 HEALTH & SAFETY AGREEMENT (cont.)

2. IN CLASS PROTOCOLS

- a. While classes are in session and as the weather permits, windows & doors of the studio will be open & fans will remain on at all times to maintain proper ventilation and air circulation.
- b. For every class, each student should bring their own designated PPE kit inside their dance bag, to include:
 - 1. One personal bottle of hand sanitizer
 - 2. One personal face mask
- c. The Restroom will be open for STUDENTS & STAFF, ONLY. It will not be available for parents/guardians, siblings, etc... until the pandemic is over.
- d. Students, parents & staff understand if Health & Safety Protocols required to allow our school to remain open are not followed, staff has the right to remove the student from class.

3. END OF CLASS + STUDENT PICKUP PROTOCOLS

- a. At the end of class, students will be asked to quickly gather their personal belongings and exit through the same door they entered to be picked up.
- b. Parents/guardians may only enter the studio if checked-in by CCBT staff.
- c. If the parent/guardian is going to be late for end of class pick-up, we ask that they please email capecodballettheatre@gmail.com as soon as they're able. Their child can wait inside the studio foyer or in the outside waiting area until the parent/guardian arrives, to allow enough time for staff to clean & disinfect the studio & restroom in between & after every class.

CCBT COVID-19 HEALTH & SAFETY AGREEMENT

I (Parent/Guardian) have read all of the COVID-19 Health & Safety Protocols and understand CCBT will use best business practices to ensure that the risk of exposure to COVID-19 while in the studio is reduced. I also understand that CCBT cannot guarantee that visiting the studio will not expose the student to this or any other infectious agent (e.g., a cold). By enrolling in in-studio based classes, I agree to ensure that myself and my child abides by these Health & Safety Protocols and hold CCBT entirely free from any and all liability, including financial responsibility, for any infection acquired on CCBT premises, unless there has been a demonstration of gross negligence or willful misconduct on the part of CCBT. I further agree that I both understand & have shared these new Health & Safety Protocols with my child, am aware of possible risks, and am voluntarily choosing to accept them by enrolling my child in in-studio based classes.
